HONOR SOCIETY
for High Schools

Banned Books Artwork Award

NEHS invites student members to take a bold stand for intellectual freedom by designing an original poster that incorporates a significant quote from a banned book.

- Design an original poster that creatively incorporates a significant quote from a banned book.
- Your poster should make a clear visual and thematic statement about censorship or freedom to read.
- Whether highlighting the historical impact of a long-challenged novel or showcasing a recent title that has sparked controversy, each poster should make a clear, compelling statement about why access to literature matters and how banned books continue to shape conversations around truth, identity, and justice.
- The poster can be hand-drawn or created digitally.
