Chapter Project Grants

NEHS Chapter Project Grants ignite creativity and passion among our student members by empowering them to lead innovative literacy-focused community service projects. These grants are a catalyst for students to design initiatives that not only enhance literacy skills but also foster community engagement and solidarity.

Chapters must upload a narrative that contains the following information:

- a description of the project plan, the intended impact, and how the project meets the goals of the Society;
- a clear description of how NEHS student members will be actively involved;
- an explanation of whether the project involves a collaboration with another organization;
- contextual details of the target audience;
- a timeline for the project
- a description of how the project will be evaluated and publicized by the chapter.
